PHD FLOWCHART

Will you have completed an MA in Economics by the summer before you plan to start the PHD?

Yes

No

Is your overall average A- (80%, or first class) or higher, including your last 2 years of study?

Will you have completed a Master's degree that contains a significant mathematics component and have you taken many economic theory courses as electives?

Yes

You are qualified and encouraged to apply.

No

Based on our experience your application is not likely to lead to an offer of admission.

Yes

If you have maintained an A average, we will consider your application. Depending on your background, we may ask you to take some advanced undergraduate courses before beginning the graduate level courses.

No

Based on our experience your application is not likely to lead to an offer of admission.
