

Research Topics in MCB

Topic Research Agreement

We hereby indicate that we agree to collaborate on the topic named for fulfilment of the MCB*4600 course.

The supervisor will need to be available for weekly meetings with the student to discuss literature and the student's submissions on the topic. Participation by the supervisor will also be required in the following elements of the course:

- **attending the student seminar symposium (organized by the coordinator)**
- **evaluating Topic student seminar (template provided by coordinator)**
- **reading and evaluating Topic student research article (evaluation template provided by coordinator)**
- **timely submitted evaluations to the coordinator (deadlines set by Registrar)**

The student confirms that they have successfully attained all of the Course Prerequisites*. The student will need to invest the appropriate time and effort required to complete the course. Students will be required to

- **submit appropriate Topic Outline and Progress to the coordinator (deadlines and protocol in Course Outline)**
- **attend weekly meetings, at least, more as required by advisor**
- **dedicate additional time for detailed literature reviews, learning new concepts and developing new ideas (as prescribed by the advisor)**

The student and advisor agree that they have an understanding of the commitment that will be required to complete the elements of this course. ***Lab Methods MBG*3350; 12.5 Credits: Prerequisite deficiencies must be approved by the Supervisor and Coordinator.**
