

2024 Future Leaders in Canadian Brain Research

Sponsor

Brain Canada Foundation

For More Information

See Brain Canada's [Request for Application Guidelines](#) [1]

Description

Brain Canada Foundation (Brain Canada) is a national registered charity that enables and supports excellent, innovative, paradigm-changing brain research in Canada. For more than 25 years, Brain Canada has made the case for the brain as a single, complex system with commonalities across the range of neurological disorders, mental illnesses and addictions, and brain and spinal cord injuries. Looking at the brain as one system has underscored the need for increased collaboration across disciplines and institutions, and the need to ensure that Canada has a robust pipeline of talent to remain at the forefront in the field of brain research. Brain Canada's vision is to understand the brain in health and illness, to improve lives and achieve societal impact.

Eligibility

This opportunity is open to early-career investigators within seven years of starting their first independent research position. For a full list of eligibility criteria, refer to the sponsor's guidelines.

Funding Availability

The 2024 competition will support up to 20 grants of \$100,000 over two years.

Indirect Costs

0% per Guidelines
