

Advantage Workshop: Intellectual Property Essentials

Date

Tuesday March 23, 2021 2:00pm to 3:00pm

Location

<https://advantageworkshopmar23.eventbrite.ca>

Description

Presented by: David Hobson

Useful for U of G researchers at all career stages, this workshop helps inventors and creatives understand the options they have to maximize the financial potential of their work. Insights on current Canadian and international IP law as well as University of Guelph services and rules will be discussed. This session includes time for a robust question and answer period.

In this FREE online workshop, U of G research teams will:

- Discover how various types of intellectual property can be protected; and
- Identify common mistakes that can jeopardize IP protection.

Please register for this workshop via the [Eventbrite page](#). Registrants will be emailed a webinar link prior to the event.
