Agri-food Data Canada – Spring Launch

Date	Location	Notes
Friday June 2, 2023 8:30am to 3:00pm	The Arboretum / Virtual	[Registration now open](#)

Description

Please join us at the **Agri-food Data Canada – Spring Launch** on **June 2nd** to help us celebrate as we reach a new milestone: **a suite of new tools to help researchers create FAIR agri-food data.** The **purpose** of this meeting is to bring together researchers and the data-minded from across campus to show you how Agri-Food Data Canada is here to **support you in your research and to help you access and manage the data you need to make new discoveries.**

In the morning you will be introduced to the Semantic Engine, a set of tools helping researchers generate machine-accessible meaning for their data. You will get a first look at the new Ontario Dairy Research Centre Data portal and fellow researchers will share their early experiences with the new tools. We'll close the morning with a discussion about next steps for ADC and we look forward to hearing your thoughts to help shape the future of ADC.

In the afternoon, we will be hosting a hands-on (in-person only) demo of the Semantic Engine tools – so please bring your laptop!

Please click here to reserve your spot. **Space is very limited so register early!** You will have the option to attend just the morning presentations, the morning presentations and lunch, or all day. If you are not able to attend in-person, the morning presentations will be available to tune-in virtually during the event. We look forward to connecting and learning about how we can better assist you!

Agenda

8:30 to 9 am	Registration and a light breakfast
9 to 9:15 am	Welcome
9:15 to 9:30 am	Introduction
9:30 to 10:30 am	Presentation on the Semantic Engine
10:30 to 10:45	Coffee break
10:45 to 11:45 am	Presentation on the Research Centre Data Portal
11:45 am to 12 pm	Morning wrap-up
12 to 12:45 pm	Lunch
12:45 to 2 pm	Demo/hand-on workshop for creating OCA

	bundles
2 to 2:30 pm	Closing remarks
2:30 to 3:00 pm	ADC team available for questions
