Description

The **New Investigator Operating Grant** is designed to help launch the careers of outstanding researchers who are within the first 6 years of their initial academic appointment. The intent is to help the grantee establish his/her laboratory and generate enough preliminary data to support fully competitive research grant proposals in national and international funding competitions.

Eligibility

The principal investigator (and any co-investigators) on a research grant must be based in, or be an independent researcher (i.e., professor, associate professor, assistant professor, and professor emeritus) with a Canadian university or affiliated institution (i.e., Teaching hospital). A researcher based outside of Canada would be eligible as a co-investigator only if his/her participation in the project occurred entirely in a Canadian university or affiliated institution. These conditions apply also to doctoral and postdoctoral supervisors.

New Investigator Operating Grant: Applicants must be within six years of their first (initial) faculty appointment and in a recognized Canadian institution at the application deadline date, and documentation must be provided from the institution to show that the applicant has been appointed to a salaried position that will continue for the duration of the grant. The six-year stipulation may be extended if the appointment was interrupted by a significant medical or maternity leave of absence. Proposals are invited in all areas of research that are relevant to Alzheimer's disease and other dementias. *An application for the New Investigator Grant may not include co- investigators. Collaborators may be listed.*

Maximum Project Value

up to \$200,000

Indirect Costs

0%

Project Duration

up to four (4) years

Special Notes

Please note that research activities carried out in the context of COVID-19 need to adhere to the University of Guelph COVID-19 research principles, policies, guidelines and processes as they may be updated from time to time and communicated on the [Office of Research web-page](#) [2].

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

Type	Date	Notes
Internal Deadline	Friday, October 29, 2021 - 11:59pm	Applicant to submit copy of complete application along with OR5 form to research.services@uoguelph.ca [3].
External Deadline	Friday, November 5, 2021 - 11:59pm	Applicant must submit directly to the sponsor using ASPR online application system [4] Information on this competition can be found on the Alzheimer Society Canada website [1].
