
Canadian Science Policy Centre - 2025 Science Meets Parliament

Sponsor

The Canadian Science Policy Centre (CSPC)

Program

[Science Meets Parliament 2025](#) [1]

Description

The objective of this initiative is to strengthen the connections between Canada's scientific and political communities, enable a two-way dialogue, and promote mutual understanding. The SMP program provides a unique opportunity for scientists to learn about policy-making, establish lasting connections with parliamentarians, and showcase their research. Note this is NOT an advocacy program for science or scientists.

Science Meets Parliament is expanding, and along with the continued success of the Federal and British Columbia programs, CSPC presents the inaugural launch of Science Meets Parliament in Ontario.
