

CCSRI - Innovation to Impact Grants

Updated Information

Updated deadlines:

Abstract registration: From August 15, 2017 to December 15, 2017.

Internal deadline: From November 8, 2017 to March 22, 2018.

External deadline: From November 15, 2017 to March 29, 2018

Sponsor

Canadian Cancer Society Research Institute

Description

This program has been designed to extend the CCSRI funding pipeline by filling the gap between Innovation and Impact Grants. This limited 2nd phase of funding is available to build upon significant findings from a successful Innovation Grant. Applicants are cautioned to carefully review the full description for details on the limited eligibility for this funding opportunity.

Innovation to Impact Grants (i2I) are intended to support the further development of successful findings based on the goals originally explored through a CCSRI Innovation Grant. Therefore, only investigators with a funded Innovation Grant are eligible for this program.

Eligibility

An applicant must hold a firm academic position (as a primary appointment). The person named as the PI remains the PI on a grant for the duration of the grant unless given express permission by the Canadian Cancer Society.

Funding Availability

There is one competition tentatively planned for funding in 2018. Grant budgets may be up to \$150,000 per year with a maximum of three years of funding. It is expected that up to 10 grants will be awarded. Grants will be non-renewable.

Indirect Costs

0%

Special Notes

There must not be substantial overlap (i.e. more than 50%) with any pending application (including those at the abstract or Letter of Intent submission stage) to any other CCSRI program as of this competition due date. Duplicate applications will not be accepted. The onus is on the applicant to indicate the extent (or absence) of overlap. Grantees can accept funds from other sources, up to the CCSRI panel recommended amount in cases where the panel approved amount exceeds the annual funding limit.

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

Type	Date	Notes
External Deadline	Friday, December 15, 2017 - 5:00pm	ABSTRACT REGISTRATION: PI to submit using CCSRI's on line application system EGrAMS [1] Abstract registration must be completed in order to submit a full application.
Internal Deadline	Thursday, March 22, 2018 - 4:30pm	PI to submit a copy of application along with a complete OR5 form to : research.services@uoguelph.ca
External Deadline	Thursday, March 29, 2018 - 5:00pm	PI to submit directly to sponsor using CCSRI online application system EGrAMS [1] More information regarding this funding opportunity and how to apply can be found at CCSRI [2]website

Information For Co-applicants

If you need to meet a deadline set by the lead institution for this opportunity, please ensure that you provide the Office of Research with at least five days in advance of the lead institution's deadline to review the application, or your proposed component of the project. Please be in touch with the Office of Research (contact information below) ahead of the deadline if it looks like it will be difficult for you to submit all the required documentation on time (i.e. budget, proposal, OR-5 Form).
