[Crohn's and Colitis Canada](#) [1]

### **Description**

Crohn's and Colitis Canada invites applications for an Innovations Grant, to fund novel or innovative approaches to inflammatory bowel disease (IBD) research. This grant is intended to stimulate and support research which may not be encompassed within the boundaries of traditional medical research. Research proposals must conform to sound principles of research and may aim to collect pilot data for follow-on application(s). The organization seeks mission relevance and excellence as well as innovation.

### **Eligibility**

Postdoctoral fellows or investigators who hold an academic appointment at a Canadian University in a Faculty of Medicine, Nursing, Pharmacy, Veterinary Medicine or other Graduate Faculty are eligible to apply to the Innovations in IBD competition. The research proposed must have a clear connection to Crohn's and Colitis Canada's Promise Statement. Co-Investigators based outside of Canada are acceptable.

**New!** Starting in 2019, applications are only accepted from institutions within Canada.

### **Maximum Project Value**

Up to \$50,000

### **Indirect Costs**

0%

## Project Duration

## Information For Co-applicants

If you need to meet a deadline set by the lead institution for this opportunity, please ensure that you provide the Office of Research with at least five days in advance of the lead institution's deadline to review the application, or your proposed component of the project. Please be in touch with the Office of Research (contact information below) ahead of the deadline if it looks like it will be difficult for you to submit all the required documentation on time (i.e. budget, proposal, OR-5 Form).
