Description

Crohn's and Colitis Canada invites applications for an Innovations Grant, to fund novel or innovative approaches to IBD research. This grant is intended to stimulate and support research which may not be encompassed within the boundaries of traditional medical research. Research proposals must conform to sound principles of research and may aim to collect pilot data for follow-on application(s). The sponsor seeks mission relevance and excellence as well as innovation.

Eligibility

Postdoctoral fellows or investigators who hold an academic appointment at a Canadian University in a Faculty of Medicine, Nursing, Pharmacy, Veterinary Medicine or other Graduate Faculty are eligible to apply to Crohn's and Colitis Canada as principal investigator for grant support of their research. The research proposed must have a clear connection to Crohn's and Colitis Canada's Promise Statement. **Principal Investigators must reside in Canada to apply for funding.** Co-Principal Investigators based outside of Canada are acceptable.

If an applicant does not hold an academic appointment at the time of submitting an application, a cover letter from the Dean of the Faculty must be uploaded to the application, indicating the planned position and the date it will take effect.

Maximum Project Value

\$50,000 per grant

Funding is limited to:

- Pay technician and/or student salaries;
- Purchase materials, supplies, and items of equipment (maximum \$5,000 annually);
- Buy and maintain animals, and;
- Support travel costs (maximum \$2,500 annually)

Indirect Costs

0%

Project Duration

1 year

Special Notes

Please note that research activities carried out in the context of COVID-19 need to adhere to the University of Guelph COVID-19 research principles, policies, guidelines and processes as they may be updated from time to time and communicated on the [Office of Research web-page](#) [2].
