Description

CRF is pleased to announce the 2024 Spring Call for Cystinosis Research Proposals and Postdoctoral Research Fellowships.

The mission of the Cystinosis Research Foundation is to support bench, clinical and translational cystinosis research to find better treatments and a cure for cystinosis. Global calls for grant applications are made in the spring and autumn of each year.

The Cystinosis Research Foundation works closely with the CRF Scientific Review Board (SRB) comprised of leading experts in the field of cystinosis who determine the scientific validity and merit of the grant proposals based on the NIH scale of standards. The SRB advises the Cystinosis Research Foundation on the scientific merit of each proposal.

The ultimate goal of the Cystinosis Research Foundation is to find better treatments and a cure for cystinosis. Global calls for grant applications are made twice each year, in the spring and the fall. To be considered, research and fellowship applications must take into consideration the mission and goals of the foundation. The research and fellowship grants are awarded for 1 to 2 years.

Research Grant Proposals: The Cystinosis Research Foundation is prepared to fund proposals to improve the immediate care of children and adults with cystinosis and to develop a new understanding and treatment of cystinosis to help these patients in the future.

Postdoctoral Fellowship Grant Applications: The Cystinosis Research Foundation created a postdoctoral research fellowship program to attract qualified, promising investigators to establish careers in cystinosis research.

Funding Availability

\$2 million available for new research grants and fellowships

Maximum Project Value

The number of awards and their value will depend on the number of outstanding proposals and the funds available at the time.

Postdoctoral fellowship stipends should be the usual amount for such a trainee at the applicant's institution (up to a maximum of \$75,000 per year, including overhead).

Indirect Costs

10%

Project Duration

1–2 years

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

Type	Date	Notes
Internal Deadline	Friday, March 8, 2024 - 4:30pm	Applicant to submit a copy of application documents along with a complete OR5 form to: research.services@uoguelph.ca [2].
External Deadline	Friday, March 15, 2024 - 4:30pm	Applicant to submit final grant or fellowship application to sponsor.

How to Apply

Complete a Research Grant Proposal or Fellowship Grant Application according to the attached application guidelines. Submit the application and corresponding cover sheet by the above-
