Date	Location	Notes
Monday December 12, 2022 1:00pm to 3:00pm	Virtual	To register, please fill out this form to receive the MS Teams link.

Description

Defence Research and Development Canada (DRDC) is holding its 2022 outreach event on **Monday, December 12 from 1 to 3 p.m. ET**. This two-hour virtual event will provide information on building a successful partnership with Canada's leading defence science organization.

At this event, you will:

- Learn about investments in science and technology to defend North America;
- Find out about the [Innovation for Defence Excellence and Security \(IDEaS\) program](#), which is funded at \$1.6 billion over 20 years;
- Learn about priorities under the [Canadian Safety and Security Program \(CSSP\)](#);
- Learn about DRDC research priorities under the [Defence and Security Science and Technology program](#);
- Hear from [DRDC's Assistant Deputy Minister Dr. Jaspinder Komal](#); and,
- Ask your questions about future partnership opportunities.
