## **ECR Voucher: NSERC Alliance Advantage (formerly Option 1)**

### **Sponsor**

NSERC

### **Program**

Alliance Advantage (formerly Alliance cost-sharing Option 1)

### **Description**

In support of early career researchers (ECRs), NSERC is launching **a pilot initiative to offer 200 vouchers of \$10,000 each** to replace some or all of the required cash contributions from partner organizations in an Alliance Advantage grant. The \$10,000 will be counted as part of cash contributions from partners in calculating NSERC's funding toward the project. NSERC matches partner contributions in a 2:1 ratio for Alliance Advantage grants. Therefore, the \$10,000 voucher will be matched with \$20,000 for a total of \$30,000.

The deadline to signal interest for a voucher is February 22, 2024. If more than 200 ECRs express interest, NSERC will randomly select 200 recipients. **The LOI does not require identifying a partner organization or defining a research project.**

### **Eligibility**

Must be an ECR to apply. Early career researchers (ECR) are applicants who have held their first independent academic position within the last five years.

To learn more about eligibility, review [NSERC eligibility criteria for faculty](#) [1] and [NSERC's definition of an ECR](#) [2].

### **Funding Availability**

200 vouchers available. If more than 200 ECRs apply, NSERC will randomly select 200 recipients.

### Step 2: Redeeming the voucher through an Alliance application

You can submit an Alliance Advantage application, redeeming your ECR voucher, any time during the 12 months after the voucher is awarded. The ECR voucher replaces some or all of the cash contribution from any partner recognized for cost sharing. Additional cash contributions from partner organizations recognized for cost sharing can be added to the voucher's monetary value to determine how much funding you can request from NSERC. The ECR voucher amount should be included in the table showing the partner's contribution in the year you wish to claim
