Description

Led by:

- Dr. Cezar Khursigara, Associate Professor, Department of Molecular and Cellular Biology
- Dr. Monica Cojocaru, Associate Professor, Department of Mathematics & Statistics
- Dr. Franceso Leri, Professor, Department of Psychology

Successful grant recipients will present general strategies for writing research grant applications, including identifying and addressing the relevant "audience", minimizing risks, framing the application, balancing detailed and general information, presentation style, the importance of peer review and more. This is an opportunity to have general grant writing questions discussed.

The event is hosted by the Office of Research, CBS, CEPS and CSAHS.
