Description

Seminar will be led by:

- **Karina McInnis**, Associate Vice-President (Research Services)
- **Wayne Johnston**, Research & Scholarship Librarian, McLaughlin Library
- **Dr. K. Peter Pauls**, Professor, Plant Agriculture Department

How will this data management policy affect my future grant applications? What will I need to know about data management plans in order to comply with the new policy? What supports are available to assist me in developing data management plans? Join us as we explore what all this means to your research:

1. An overview of the new Tri-Agency policy
2. An overview to data management plans
3. An introduction to the Portage DMP Assistant
4. Library support for research data management

> 5. A first-hand perspective from a researcher who has authored a DMP

All researchers are welcome (faculty, graduate students, postdoctoral fellows and staff).
