

Famae Research Award

Sponsor

Famae

Description

Within the framework of the 1,000,000€ Famae Innovation Challenge, the Famae Research Award is granted in recognition of a researcher or academic whose applied research, innovative approaches or insights have or are expected to have a significant impact on waste reduction and waste recycling. Specifications include:

1. Waste reduction or waste recycling, whatever the type of waste, including eco-design and sustainable alternatives to common materials that end up in landfills (plastics, etc.)
2. Applied research with sufficient evidence of a current or future substantial impact on the reduction or recycling of the related type of waste
3. The grant (min 50,000€) will cover R&D-related costs such as prototyping, blue print, IP protection, wages

Eligibility

The award is intended for doctoral students, post-docs or confirmed researchers from the private or public sector

Special Notes

Review Award [Terms and Conditions](#) prior to submission.

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.
