Sponsor

Great Lakes Fishery Commission (GLFC).

Program

Fishery Research Program and Sea Lamprey Research Program

For More Information

For full details on the program and eligibility criteria, please visit the [GLFC Call for Proposals web-page](#) [1].

Description

Pre-proposals for the Fishery Research Program and Sea Lamprey Research Program are being accepted until January 15, 2022. Please review the call for proposals before submitting your pre-proposal. Pre-proposals should be submitted through the online portal, which contains detailed submission instructions. Please visit the [GLFC Call for Proposals web-page](#) [1] to access the link to the call for proposals document, as well as the link to the online portal.

Proposals are evaluated for relevance and scientific merit and against information needs identified by the Research Themes under which they are submitted.

Funding Availability

Individual awards are typically between \$35,000 and \$100,000 per year.

Indirect Costs

5%.

Project Duration

New projects may not begin before January 1, 2023.

Special Notes

Please note that research activities carried out in the context of COVID-19 need to adhere to the University of Guelph COVID-19 research principles, policies, guidelines and processes as they may be updated from time to time and communicated on the [Office of Research web-page](#) [2].
