
GlycoNet Webinar: Glycomics Analysis & Synthesis with GlycoNet Integrated Services

Date	Location	Notes
Wednesday March 5, 2025 1:00pm to 2:00pm	Zoom	Attendees must Register .

Description

Join Dr. Sicheng Lin (University of Alberta) and Dr. François Le Mauff (Research Institute of the McGill University Healthcare Centre) as they explore glycan synthesis and analysis in the next GlycoNet Integrated Services (GIS) webinar. Learn how GIS enables the design and modification of synthetic glycans, supports automated glycan synthesis, and advances microbial glycomics through real-world case studies.
