

## **Great Lakes Fishery Commission: Pre-proposals for Lake Champlain Fisheries Research Program (LCFRP)**

### **Sponsor**

Great Lakes Fishery Commission (GLFC)

### **Program**

Lake Champlain Fisheries Research Program (LCFRP)

### **For More Information**

For more information, please refer to the call for pre-proposals attached below.

### **Description**

The Lake Champlain Fisheries Research Program (LCFRP) is a competitive grant program on Lake Champlain, funded by the Great Lakes Fishery Commission (GLFC), to support research that (1) addresses basic or applied questions on fish ecology and/or fisheries on Lake Champlain and (2) is relevant to the Laurentian Great Lakes and/or other large lakes of the world. Lake Champlain is a large and heterogenous system comprising five regions that vary in trophic state, lake morphometry, and foodweb communities. As such, Lake Champlain has a natural, experimental gradient on which to address questions about fisheries, physical and chemical habitat, and food-web structure and function, and to address how systems may respond to multiple stressors (e.g., climate change, invasive species, land use) and fisheries management actions. Of particular interest is comparative work between Lake Champlain and the Great Lakes (or other large lakes) to better understand historical, restored, or changing conditions (e.g., habitat use, morphology, behavior, and dynamics) and a context within which to interpret contemporary patterns and processes across basins.

Applicants can view [GLFC fishery research themes](#) [1] to develop cross-basin questions.

### **Funding Availability**

A total of \$425,000 is available to fund 1 to 4 projects.

### **Indirect Costs**

5%

## Project Duration

Projects may be up to three years in duration.

Projects may not have a start date before August 1, 2025.

## Deadlines

**If College-level review is required, your College will communicate its earlier internal deadlines.**

| Type                     | Date                                  | Notes  |
|--------------------------|---------------------------------------|--|
| <b>Internal Deadline</b> | Friday, November 22, 2024 - 4:30pm    | Please submit a copy of your pre-proposal, along with an OR-5 Form to <a href="mailto:research.services@uoguelph.ca">research.services@uoguelph.ca</a> [2].  |
| <b>External Deadline</b> | Saturday, November 30, 2024 - 11:59pm | Applicant to submit pre-proposal to <a href="mailto:LCFRP@uvm.edu">LCFRP@uvm.edu</a> [3].<br><br>If invited to submit a full proposal, please notify the Research Services Office at <a href="mailto:research.services@uoguelph.ca">research.services@uoguelph.ca</a> [2]. |

## How to Apply

1. Pre-proposals must be submitted to [LCFRP@uvm.edu](mailto:LCFRP@uvm.edu) [3] .
2. Instructions are embedded within the sections of the pre-proposal form (attached below).

## Attachment(s)

| Attachment  | Size    |
|---|---------|
|  <a href="#">RFP_LCFRP_2024.docx</a> [4] | 30.4 KB |

For Questions, please contact

Questions can be sent to [LCFRP@uvm.edu](mailto:LCFRP@uvm.edu) [3].
