

Heart & Stroke: Grant-in-Aid 2025-2026

Sponsor

Heart & Stroke Foundation

For More Information

Please see the [Grant-in-Aid Guidelines](#) [1] for full application details as well as some award conditions.

Description

The Heart & Stroke Grant-in-Aid (GIA) program provides operating funds to support important, pertinent, novel research in the areas of heart disease and/or stroke. GIA funding promotes research discovery, exploration and innovation across all health research themes. Knowledge gained from scientific findings contributes to the cardiovascular and cerebrovascular health of Canadians through prevention, treatment, and recovery.

Eligibility

Principal Investigators (and Co-PIs) must have a full-time academic or faculty appointment (i.e., at minimum, at the Assistant or Clinical Assistant Professor level) in Canada at the time the application is submitted. Applicants holding lecturer/clinical scholar of similar university appointments that are of lower tier than Assistant Professor appointments are not eligible to apply as PI and co-PI.

Applicants holding adjunct appointments at an academic institution must submit a letter from their dean/chair/division director to clarify that through their specific appointment they are accorded protected time for research. The letter is required to quantify the amount of protected time available, their access to research infrastructure and their access to other resources necessary to conduct the proposed research study.

Funding Availability

Funding is available for 1 to 4 years at a maximum of \$100,000 per year.

Indirect Costs

0%

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

Type	Date	Notes
Internal Deadline	Thursday, August 22, 2024 - 4:30pm	Applicant to submit a copy of the application (incl. signature page) and a complete OR-5 form to research.services@uoguelph.ca [2].
External Deadline	Thursday, August 29, 2024 - 4:00pm	Applicants to complete submission of full application using the Heart & Stroke electronic grant management system (CIRCULink [3]).
