Description

The HIV Endgame Program supports people and projects (including innovative, discovery-based and investigator-driven-game-changing projects) that have the potential to:

- Meet the needs of populations in Ontario most affected by HIV.
- Drive changes in policy and practice across the HIV prevention, engagement, and care cascade.
- Lead to more integrated health and social services.
- Identify effective ways to address the social determinants that have a negative impact on the health of communities most affected by HIV.
- Contribute to a rapid learning HIV health and social system.
