Innovative Solutions to Homelessness - Microgrants

Description

The Innovative Solutions to Homelessness funding stream is delivered nationally and supports development of innovative approaches to reducing homelessness. Funding can be used to support activities in three key areas: community based innovative projects to reduce homelessness and/or the cost of homelessness; building strategic partnerships with key stakeholders; and testing and/or sharing tools, social metrics, and research findings geared towards homelessness.

Applicants are invited to submit proposals for small scale experimental projects or prototypes up to a maximum of \$25,000 in grant funding to develop and/or evaluate effective, innovative and potentially groundbreaking practices, tools, or initiatives that prevent or reduce homelessness in Canada. For more information please refer to the Employment and Social Development Canada website:
