Social Sciences and Humanities Research Council (SSHRC)

Description

The Social Sciences and Humanities Research Council of Canada would like to take this opportunity to seek your input on SSHRC's Imagining Canada's Future (ICF) [1] initiative.

In 2018, SSHRC, in partnership with Policy Horizons Canada, engaged with leaders across academic, government, business and community sectors as part of a foresight exercise to identify key emerging, societal issues facing Canadians. This horizon scan [2] resulted in the identification of 16 future global challenges [3].

Three of the challenges were the focus of recent knowledge mobilization efforts, including the funding of knowledge synthesis grants: Living Within the Earth's Carrying Capacity [4], Working in the Digital Economy [5] and the Emerging Asocial Society (KSG competition to launch in fall 2021).

SSHRC is now looking ahead to identify three additional future challenge areas to be featured in future programming and/or corporate activities between 2022 and 2025. SSHRC is inviting cross-sectoral stakeholders from across academic, public, business and community sectors to help identify the next key future challenges on which to focus knowledge mobilization efforts, as part the Imagining Canada's Future initiative.

The survey should take approximately 10 minutes to complete. We kindly ask that you complete the survey by **Friday, July 23rd.**

Please click on the following link in order to access the **survey**: Engagement on Future Challenges [6].
