Description

Grants are made to assist biomedical scientists of various departments and faculties in Ontario universities, hospitals and scientific institutions concerned with medical research. These grants may be distributed among medical research institutes and universities in Ontario.

Online applications may be submitted from any medically oriented university faculty. These may be within the health sciences department of a university, or any faculty of that university.

Eligibility

Faculty - New researchers seeking start up grants receive priority.

Projects must have scientific merit and be primarily medical in nature.

Maximum Project Value

within the \$50,000 to \$65,000 range

Indirect Costs

0%

Project Duration

one year

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.
