## **Major Proposal Development Grant Program - Office of Research Services**

### **Sponsor**

University of Guelph - Office of Research Services

### **Program**

[Major Proposal Development Grant Program](#) [1]

### **Description**

Through the provision of research seed funding, this fund assists University of Guelph researchers in developing significant research grant proposals that have strong potential for attracting significant funding for submission to external funding agencies.

### **Eligibility**

**Eligible Applicants:** Individuals or groups of faculty at the University of Guelph

**Eligible Projects:**

- This fund supports faculty in all disciplines in the preparation of large-scale proposals that require the coordination of large research teams.
- All proposals must align with the University of Guelph's strategic research plan. Examples of large-scale funding opportunities include, but are not limited to, NSERC CREATE, NSERC Strategic Networks, SSHRC Partnership Grants, NCE, etc.
- Proposals approved to receive financial support under this program are to be submitted to the relevant external funding sponsor(s) within 12 months of the date that such financial support is approved.

**Eligible Activities:**

- **Travel** for activities such as attendance at team meetings or for the purposes of establishing partnerships and interacting with program officers, etc.
- **Meeting expenses** such as those related to the arrangement of in-person, WebEx or teleconference meetings of project team members, etc.

- **Personnel** for activities such as grant facilitation, development and editing as well as administrative support, etc.

## Funding Availability

This fund provides matching assistance to financial support provided by the applicant's(s') college(s) to a maximum of \$5,000.00.

## Indirect Costs

No indirect costs apply to this grant.

## Project Duration

Funding must be used within 12 months of the date of the award. Extensions may be requested from the Associate Vice-President Research Services, John Livernois ([live@uoguelph.ca](mailto:live@uoguelph.ca) [2]). Approvals are subject to the availability of funds.

## Special Notes

Evaluation Criteria:

The following key factors will be considered in the review of projects:

- Quality of the proposed research or creative activity
- Potential of the project to obtain significant external funding
- Potential for the project to develop partnerships and collaborations within and external to the university
- Alignment of the research activities with the priority research themes and signature areas of the university's strategic research plan
- Strength of department and college support as evidenced by commitment of resources and matching funds
- An existing record of collaboration among team members will be viewed positively
- Timing of the receipt of the application in relation to the external sponsor's deadline. A submission to the Major Proposal Development Grant Program is normally expected four months or more prior to the external sponsor's deadline.

## Deadlines

**If College-level review is required, your College will communicate its earlier internal deadlines.**
