Description

The Mitacs Accelerate Industrial Postdoc provides one, two or three years of funding – valued at \$55,000 per year - for a postdoctoral fellow in any discipline. This special initiative offers better leveraging than standard Mitacs Accelerate internships.

Per year

Partner contribution	\$25,000
Total research funding	\$55,000

Minimum postdoc stipend/salary	\$50,000
Maximum funds for research costs	\$5,000

Mitacs Accelerate allows students to work closely with a partner organization and faculty supervisor, using the latest tools and techniques available to them in both academic and industrial settings. Projects are a cost-shared model with Mitacs, through the support of federal and provincial government, matching the industry partners or non-for-profit (NFP) organizations contributions.

Eligibility

- Full-time grad students at all Canadian universities
- Canadian citizens, permanent residents, and international students
- All academic disciplines
- Businesses and not-for-profit organizations
