Description

For a limited time (while quantities last), Mitacs is offering special funding for Accelerate projects that fall within four sectors:

1. Agriculture, Agri-Food and Aquaculture
2. Biomanufacturing, Biotechnology and Life & Health Sciences
3. Digital (Artificial Intelligence, Quantum and Information & Communications Technology)
4. Clean Technology

Under this special funding offer, each eligible internship unit will require a **partner contribution of \$5,000** (instead of the standard \$7,500) with \$10,000 coming from Mitacs. Ineligible internship units of \$15,000 will require the standard partner contribution of \$7,500.

Please review the guidelines outlined below:

- **Funding is limited**; applications will be considered on a first-come, first-serve basis until **February 9, 2024**, or **while quantities last**.
- All applications must include named interns to be considered. Maximum of 6 (six) discounted internship units per named intern at the time of submission; standard funding applies for any unnamed (TBD) interns.
- Post-submission and in-project changes are permitted for the discounted and standard funding units.
- Total limit of 50IUs per project.
