[Mitacs Frequently Asked Questions](#) [2]

Description

The Mitacs Elevate Spring 2022 Thematic Call will accept applications addressing at least of the following **Key Priority Areas**:

- Agriculture and food
- Artificial intelligence
- Bio-manufacturing
- Clean technology
- Entertainment and media
- Quantum science
- Social innovation

Mitacs Elevate is a postdoctoral fellowship with an exclusive professional development curriculum component. Fellows address complex challenges through:

- A two-year research project with a partner organization in need of high-level expertise
- A professional development curriculum that prepares Elevate fellows for success as leaders in research and industry

Fellows progress through the program in a cohort, giving them cross-disciplinary networking and

peer-learning opportunities they might not have otherwise in their careers.

Over the two-year fellowship, fellows divide their time between their partner organization's project and academic institution-based research with their academic supervisor. Project are co-funded through Mitacs and the partner organization. Enhanced leveraging may be available for your partner organization. Contact Mitacs for more information.

New for the Spring 2022 call:

- Applications must address at least one of the key priority areas outlined above
- Elevate fellows receive \$70,000 minimum annual stipend/salary for projects
- An exclusive professional development curriculum valued at \$4,000 per year.
- Proposal assistance, including application feedback, from Mitacs representatives.
- Certificate of completion after receipt of their exit survey and final report submission.

Eligibility

Postdoctoral Fellows

- They are Canadian citizens, permanent residents or international applicants
- They are based at an academic institution located in Canada for the duration of the fellowship
- Their date of graduation from a PhD program is less than five years to proposed start date of the Elevate project, unless:
 - Fellows who have had a break in their career due to military service, illness, or family leave may be considered exceptions and must be approved in advance of application
 - If this situation applies to you or you have any questions, please contact Mitacs at elevate@mitacs.ca [3]
- They have fulfilled all PhD degree requirements (e.g., successful defence, final deposit, and sign-off of the dissertation), meet the postdoctoral fellow eligibility criteria at their home academic institution, hold a postdoctoral fellow status for the entire duration of their Mitacs Elevate fellowship
- They can commit to the two-year Mitacs Elevate fellowship, including the exclusive professional development curriculum. Replacement or substitute fellows are not allowed
- Fellows who have held a Mitacs Accelerate award as a Master's or PhD student are eligible as long as they have not completed more than one year (three internship units equivalent) of Mitacs Accelerate at postdoctoral level. This must be completed before the start of the Mitacs Elevate fellowship
- Fellows cannot apply to multiple Mitacs programs for the same period of time.

Fellows are ineligible if they have:

- Been employed for more than six months in an R&D position outside the academic institution after receipt of their doctoral degree
- Received an offer of employment from the proposed partner organization except an offer

of this fellowship or short-term employment of up to six months while awaiting a decision on the Mitacs Elevate fellowship

- Completed more than one year (three internship units equivalent) of Mitacs Accelerate at the postdoctoral level before the start of the Elevate fellowship; and
- Previously held a Mitacs Elevate award. Fellows who have completed Mitacs Elevate are also ineligible for Mitacs Accelerate
- If the application is not recommended for an award, fellows may not be eligible to apply again if they have accumulated more than six months of industrial or partner organization work. It is recommended that fellows accept a temporary contract only if necessary and that the period is kept as short as possible.

Partner Organizations

- They are Canadian or a Canadian location of a foreign-owned organization
- They are end users of the research
- They have an office or site where the fellow undertakes at least 50% of the fellowship interacting with the partner
- They are for-profit corporations and crown corporations receiving no more than 50% of their revenues from government sources
- They are eligible not-for-profit (NFP) corporations such as industry associations, charitable organizations, and economic development organizations.
 - All research projects in collaboration with an NFP corporations must demonstrate an economic or productivity orientation such as creating new jobs, reducing costs of goods or services, or increasing productivity in a process or industry.
- They are a hospital or municipality in Canada.
 - All research projects in collaboration with a hospital, or municipality must demonstrate an economic or productivity orientation such as creating new jobs, reducing costs of goods or services, or increasing productivity in a process or industry.

Maximum Project Value

Projects addressing at least one of the key priority areas are eligible to apply for two years of funding valued at \$80,000/year (\$70,000 minimum annual stipend/salary + up to \$10,000 in project expenses).

Indirect Costs

0%

Project Duration

Elevate projects are two years in length.

Special Notes

Mitacs Elevate Postdoctoral Funding - Spring 2022 Thematic Call for Proposals

Published on Research Alerts (<https://www.uoguelph.ca/research/alerts>)

Mitacs recognizes that due to the pandemic and the uncertainties it's created, you may be operating with limited ability to plan future research projects. If you feel that you cannot submit an Elevate proposal at this time due to the pandemic, please reach out to Mitacs at elevate@mitacs.ca [3].

Please also note that industry/partner matching funds must be remitted to Mitacs directly. Funds that are already at the University cannot be used for matching purposes.

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

Type	Date	Notes
External Deadline	Friday, June 10, 2022 - 8:00pm	If applicable, send Conflict of interest (COI) and not-for-profit (NFP) organization eligibility check to Emily Gordon (egordo05@uoguelph.ca [4]).
Internal Deadline	Tuesday, June 28, 2022 - 4:30pm	Faculty supervisor must submit the full application, including signed Memorandum, along with signed OR-5 form to research.services@uoguelph.ca [5]. In light of the Canada Day statutory holiday on July 1, 2022, the internal deadline is set at June 28, 2022 at 4:30pm.
External Deadline	Wednesday, July 6, 2022 - 8:00pm	Intern/Faculty Supervisor submits approved and signed full application package to Mitacs via online application system.

How to Apply

1. Connect with Emily Gordon, University of Guelph's Mitacs Business Development Representative

1. Apply with the [Mitacs' Online Application](#) [6] system
2. Follow the [Mitacs' guidelines](#) [7] when writing your proposal
3. Submit your proposal for pre-review to egordo05@uoguelph.ca [4] by 4:30pm on June 21, 2022.

2. Upload the following additional documents to your Elevate application:

1. Postdoctoral fellow's CV
2. Proposed academic supervisor's CV
3. Three recommendation letters with letterhead and signature required. Please refer to the [Recommendation Letter Guidelines](#) [8].
 1. One (1) recommendation letter from the proposed academic supervisor
 2. One (1) recommendation letter from a former supervisor or person familiar with the fellow's research expertise
 3. One (1) recommendation letter from an eligible partner organization including financial contribution in dollar amount
4. Any supplementary documents as applicable

3. Submit your finalized draft Elevate application (including signatures on the Memorandum), along with signed OR-5, to research.services@uoguelph.ca [5], by 4:30pm ET on June 28, 2022

4. Submit your completed Elevate application to Mitacs by 8pm ET on July 6, 2022.

5. Approved projects must begin before February 28, 2023.
