

Mitacs RISE-Globalink Research Internship (RISE-GRI)

Sponsor

Mitacs and German Academic Exchange Service (DAAD)

Program

Mitacs and the German Academic Exchange Service (DAAD) have partnered to offer the [Research Internships in Science and Engineering \(RISE\)-Globalink Research Internship \(RISE-GRI\)](#) [1], which offers undergraduate students at Canadian universities the opportunity to undertake research at eligible German institutions.

For More Information

[RISE-GRI Guide, Eligibility and Application Process](#) [2]

Description

The RISE-Globalink Research Internship is an exciting competitive initiative that allows for undergraduate students at Canadian universities to build an international research network and undertake research at eligible institutions in Germany. The internship offers students at Canadian universities in the fields of biology, chemistry, engineering, earth science, and physics the opportunity to participate in three-month research project supervised by a doctoral student at a German university or institution.

Eligibility

Open to full-time undergraduates in biology, chemistry, physics, earth sciences, or engineering (or a closely related field) who have completed at least two years of a four- or five-year program. This is a competitive opportunity — only top-ranked students are matched with projects. Faculty should encourage such students to apply.

Funding Availability

Approved recipients receive \$5,200 toward travel and accommodations.

Project Duration

Projects must start between May 15 and July 9, 2018.

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

Type	Date	Notes
External Deadline	Friday, December 15, 2017 - 4:30pm	Applications must be submitted through the RISE-Germany portal [3] on the program website. No OR-5 form is required.

How to Apply

Eligible students need to review the list of available projects in their discipline on the RISE Germany internship database. Students will then submit RISE-Globalink Research Internship applications through the [RISE Germany application portal](#) [3].

For Questions, please contact

For questions about the application procedure, matching process, and internship placement, please contact rise-germany@daad.de [4]. For any questions regarding the funding, please contact Mitacs International at international@mitacs.ca [5].
