As TIPS is anticipating a very high level of interest in the funding opportunity and, consequently, the webinars (which have limited capacity), the Office of Research Services will be hosting an open session to view the NOI-stage webinar. We invite any researchers who are interested in applying to this program to attend this in-person viewing of the webinar. If you are unable to attend in person, we would recommend you log-in directly. Please note, the content covered in each of the two English sessions will be the same.

For more information on the webinar offerings, please contact [nfrf-fnfr@chairs-chaieres.gc.ca](mailto:nfrf-fnfr@chairs-chaieres.gc.ca). Webinars will be recorded and presentations will be available following the session.
