Description

A unique opportunity for all University of Guelph faculty and researchers to connect with a visiting representative from the Natural Sciences and Engineering Council (NSERC), based in Ottawa, to discuss the new Alliance Grants Program.

Alejandra de Almeida, PhD, Acting Deputy Director and Sarah O'Neill, Research Partnerships Promotion Officer of the Ontario Regional Office, will provide an overview of the new partnership program, key changes and updates, followed by an opportunity for questions and answers (Q&A). This NSERC session will be followed by an interactive and informative session led by the Research Innovation Office (RIO) regarding institutional resources available to support your partnered projects.
