Description

NSERC's Alliance Equity, Diversity and Inclusion (EDI) Outreach team is offering a presentation on EDI considerations in the Alliance Training Plan for applicants. The interactive session will focus on the importance of EDI in the research team, consideration of EDI in the Alliance application, and how to write a strong statement regarding EDI in the training plan. Examples will be discussed and guidelines on how NSERC would review each example will be shared.

  Please note that an identical session is offered twice in each language. Advance questions are invited, and may be submitted through the individual registration links for each session.

Please note that project-, partner-, student-, or team-specific questions are better addressed privately, and can be sent to alliance@nserc-crsng.gc.ca.
