Description

NSERC engagements visits have been a successful tool for the Agency and the community to share information and build linkages. Over the last four years, NSERC officials have made 48 visits to 39 universities. NSERC is also now providing the Engagement visits in Webinar format as per the information above.

In addition to the Engagement visits and webinars, NSERC is hosting webinars to assist the research community on “How to complete an application” using the Research Portal and the NSERC Canadian Common CV (CCV). You can visit NSERC's [Connect Page](#) for more details.
