

NZ-Canada Horizon Europe Cluster 5 webinar

Date

Tuesday July 30, 2024 5:00pm to 6:30pm

Notes

[Register and obtain the link to the webinar.](#)

Description

Canadian and New Zealand researchers are invited to attend a webinar jointly coordinated by Universities Canada and Universities New Zealand. The webinar will take place on **Tuesday, July 30, 2024**.

It will be an opportunity to hear from the New Zealand experience with Pillar II of Horizon Europe, who have benefited from associated status 11 months longer than Canada.

This webinar will dive into upcoming Cluster 5 calls on climate, energy and mobility, which close on January 21, 2025. It will also provide opportunities to connect researchers in both countries who have indicated shared interest on exploring collaborations with a focus on cluster 5. It will also include a presentation on best practices by National Contact Points from Canada and New Zealand.

While the intent of the webinar is to focus on Cluster 5 calls for proposals and look for opportunities to connect researchers open to exploring potential research partnerships in this cluster (climate energy and mobility), other researchers with broader interests wishing to listen to the webinar are welcome.
