Description

Update to request for changes to projects: Automated Project Change Request Process

In an effort to ensure faster response to clients requests at a time when OCE's program base has increased significantly, they have automated the process for the submission of project change requests effective June 10, 2016. The changes under the new process are listed below. **End Date Extensions:**

- Extensions can only be requested once.
- Programs with duration of 12 months or fewer can only be granted maximum of three months extension, while programs with a duration of greater than 12 months can be granted a maximum extension of six months.
- The administration of extension requests is centralized in Access OCE (MIS) portal.
- The automated process will offer efficient tracking capability on the approval status of submitted requests. Provide visibility to all users on all submitted requests and records are permanently maintained.
