# Ontario Agri-Food Innovation Alliance – KTT Funding Program Call for Proposals

## Sponsor

Ontario Agri-Food Innovation Alliance

## Description

The objectives of the Knowledge Translation and Transfer (KTT) Funding Program are to explore the science of KTT, drive knowledge into action, and evaluate and utilize KTT methods and best practices.

The Ontario Agri-Food Innovation Alliance invites project proposals in the following funding streams:

- **KTT Research Funding** supports projects that advance the science of knowledge translation and transfer in Ontario's agri-food and rural sectors.
- **KTT Mobilization Funding** supports the delivery of activities, products or services that drive knowledge into action and get research into practice for the benefit of Ontario and Ontarians.

All projects, regardless of stream, must relate to an established OMAFA research priority and support Ontario's agri-food and/or rural sectors. Projects do not need to address a specific research question within the identified priority.

Projects will be adjudicated through a one-step review process. Full proposals are due by 1:00 p.m. on Tuesday, June 3, 2025.

For further information about this call and OMAFA research priorities, please visit [KTT page on the Ontario Agri-Food Innovation Alliance website.](#) [1]
