

Operating Grant : 5th Joint Programming Initiative on Antimicrobial Resistance

Sponsor

The Institute of Infection and Immunity (III), the Institute of Health Services and Policy Research (IHSPR) and the Institute of Population and Public Health (IPPH) in collaboration with the Joint Programming Initiative (JPI) on Antimicrobial Resistance (AMR) partners

Program

5th Joint Programming Initiative on Antimicrobial Resistance (JPIAMR)

Description

In order to protect and prolong the usefulness of existing antimicrobials, increasing cross-sectoral efforts are needed to rationalize their use and misuse in human and animal health and food production settings. Key measures to achieve this are to improve existing and implement new evidence-based control, prevention, stewardship and intervention strategies to reduce the risk of acquisition, development and transmission of antibiotic-resistant bacteria and infection caused by these pathogens, in hospitalized patients, outpatients, healthy people, animals and the environment.

Eligibility

Independent Researcher

Funding Availability

- The total amount available for the Canadian component of successful projects is \$3,000,000, enough to fund approximately three (3) to five (5) grants. This amount may increase if additional funding partners participate. CIHR will contribute as follows for the Canadian component of the project for a maximum of three (3) years. For applications with:
 - One Canadian participant in the consortium: up to \$200,000 per year for maximum three (3) years.
 - Two Canadian participants in the consortium: up to \$250,000 per year for maximum three (3) years.
 - One Canadian coordinator in the consortium: up to \$250,000 per year for

- maximum three (3) years.
- One Canadian coordinator + one Canadian participant in the consortium: up to \$300,000 per year for maximum three (3) years.
- Note: The title of “coordinator” is used by the Joint Programming Initiative secretariat to distinguish the person acting as point of contact and submitting the proposal.

Published on Research Alerts (<https://www.uoguelph.ca/research/alerts>)

Type	Date	Notes
		using ResearchNet [4] in addition to the Full Application submitted to the Joint Action Secretariat [5]. The deadline for submission of this application is the same as the Full Application deadline to the Joint Action Secretariat. The purpose of this additional application to CIHR is to provide CIHR with an Operating Budget for the project, with the amounts quoted in Canadian dollars, and a complete justification for funds requested.

Information For Co-applicants

If you need to meet a deadline set by the lead institution for this opportunity, please ensure that you provide the Office of Research with at least five days in advance of the lead institution's deadline to review the application, or your proposed component of the project. Please be in touch with the Office of Research (contact information below) ahead of the deadline if it looks like it will be difficult for you to submit all the required documentation on time (i.e. budget, proposal, OR-5 Form).
