Partnerships in a virtual world

Date

Thursday October 22, 2020 12:00pm to
1:00pm

Location

Online

Description

So much of our knowledge mobilization and partnership-building practice has relied on face-to-face interaction to build relationships and trust, maintain project momentum and increase engagement. As we move all of our meetings online due to COVID-19, we are increasingly overwhelmed by the number of back-to-back online meetings, which make it difficult to engage and build meaningful relationships with new and ongoing partners.

Join the Guelph/KW Knowledge Mobilization Community of Practice on Thursday, October 22 from 12-1pm as Dr. Rebecca Sutherns from Sage Solutions discusses tips and tricks to make your online meetings more effective and interactive, facilitate meaningful discussions and build partnerships and collaborations.
