
Resources for equity, diversity and inclusion (EDI) in research

Equity, diversity and inclusion is foundational to research excellence at the University of Guelph.

The Office of Research has published [a page of FAQs and resource link](#) [1]^s [2] to help faculty, students and staff integrate EDI into their research activities. The page will be updated as new information becomes available.

By learning and applying key principles and best practices, researchers will enhance the relevance, quality and impact of their research, meet ethical standards and legal requirements for fairness and equity, and foster greater inclusion.

Please visit [Equity, Diversity and Inclusion in Research](#) [1].
