Skills for Research Impact: Science Policy Engagement

Date	Location
Tuesday March 1, 2022 1:00pm to 2:30pm	Webinar

Description

How can you share your research to inform public policy decisions? Join us to receive expert advice and concrete tips to support your own science-policy engagement efforts.

By the end of this workshop, participants will be able to:

- Reflect on how science can inform public policy decision making
- Align your research with current policy priorities
- Understand how government works and identify key points of contact
- Select the right information and method to share research with policy-makers.
