Cleantech - Call for Proposals

For More Information

[Cleantech - Call for Proposals](#) [1]

Description

Mitacs and Smart Computing for Innovation (SOSCIP) are partnering together to offer the Cleantech - Call for Proposals. This call targets research in the Cleantech space where advanced computing or cloud-based resources are required.

Successful applicants will receive:

- Access to SOSCIP's AI and Data Science computing platforms.
- Funding and support from Mitacs.
- One-on-one support from Mitacs and SOSCIP to identify AI and data technology needs.

Eligibility

Projects must be an industry-academic collaboration that uses AI, Data Science, and/or data analytic techniques to develop solutions for cleantech. For more information on intern eligibility and partner eligibility, please contact your Mitacs Business Development Representative.

Indirect Costs

0%.

Project Duration

SOSCIP and Mitacs - Cleantech Call for Proposals

Published on Research Alerts (<https://www.uoguelph.ca/research/alerts>)

Internships can be from six to eighteen months. Applicants interested in longer internships should contact their SOSCIP Partnerships Officer or Mitacs Business Development Representative.

Special Notes

Please note that research activities carried out in the context of COVID-19 need to adhere to the University of Guelph COVID-19 research principles, policies, guidelines and processes as they may be updated from time to time and communicated on the [Office of Research web-page](#) [2].

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

Type	Date	Notes
Internal Deadline	Wednesday, March 24, 2021 - 4:30pm	Applicant to submit signed OR-5 form and proposal to research.services@uoguelph.ca [3].
External Deadline	Wednesday, March 31, 2021 - 4:30pm	Applicant submits full application directly to SOSCIP.

How to Apply

For more information on the call for proposals and how to apply, please contact Emily Gordon at Mitacs (egordon@mitacs.ca [4]).
