

SSHRC-PHAC Joint Initiative: Advancing Socio-Economic Research for Evidence-Informed Public Health Decision-Making

Sponsor

SSHRC in partnership with the Public Health Agency of Canada

Description

This joint initiative is a partnership between the Social Sciences and Humanities Research Council (SSHRC) and the Public Health Agency of Canada (PHAC) to support research opportunities entitled "Advancing Socio-Economic Research for Evidence-Informed Public Health Decision-Making." The overall goal of this joint initiative is to identify and advance socio-economic research for evidence-informed public health decision-making on selected public health priority topics in Canada.

The objectives of the joint initiative include:

- Supporting evidence-informed public health policy making;
- Addressing horizontal public health policy needs;
- Broadening the understanding of socio-economic impacts of public health interventions;
- Examining issues related to data sources, gaps and potential remedial strategies.

For more information about this funding opportunity, including application instructions, please visit the [PHAC website](#) [1].

Eligibility

Most SSHRC funding is awarded through open competitions. Proposals can involve any disciplines, thematic areas, approaches or subject areas eligible for SSHRC funding. See the guidelines on [subject matter eligibility](#) [2] for more information.

The Joint Initiative aims to fund up to 12 research projects under the 6 broad categories. Researchers with prior or current interest and experience in these areas are encouraged to apply.

Projects whose primary objective is curriculum development, preparation of teaching materials, program evaluation, organization of a conference or workshop, digitization of a collection or creation of a database are not eligible for funding under this funding opportunity.

Funding Availability

The Partnership Engage Grants funded through this joint initiative will be valued at \$7000 to \$25,000 for 1 year, and PHAC aims to fund up to 12 grants.

Maximum Project Value

\$25,000.00 for one year
