Description

Short-listed candidates for the NSERC Tier 2 CRC Special Call will provide public research presentations.

In May, the University invited applications from University of Guelph tenured or tenure-track faculty members who are members of one or more of the four equity seeking groups designated by the [Employment Equity Act](#) [2] (women, persons with disabilities, Indigenous peoples, and racialized groups). A search committee has reviewed all applications and has invited the following short-listed candidates to present.

- [Emily Chiang](#) [3], School of Engineering
- [Angela Canovas](#) [4], Animal Biosciences
- [Jennifer Geddes-McAlister](#) [5], Molecular and Cellular Biology

Presentations will be recorded. You can find recordings at [Canada Research Chair positions](#) [1].
