

Translational Health Research Symposium: Addressing The Translational Gap

Date	Location	Notes
Tuesday June 6, 2023 9:00am to 4:00pm	Enhanced Clinical Learning Centre (ECLA) Room 1720 and virtually	Register now

Description

Join us for the inaugural **Translational Health Research Symposium: Addressing the Translational Gap** to celebrate the new [Bench to Bedside Institute for Translational Health Research and Innovation](#). In the morning, the University of Guelph researchers will present on the translational health pillars. In the afternoon, a moderated panel discussion will address the challenges in therapy success rates and how a translational approach, including training, collaboration, and industry partnerships can help close the gap.
