

University of Guelph's Agri-food Data Canada (ADC) Information Session

| Date | Location | Notes |
|--|-------------------------------------|--|
| Tuesday January 14, 2025 10:00am to 11:00am | In-person, University Centre 430 | RSVP to Ann Kraus at kraus@uoguelph.ca to be added to the calendar invitation. |

Description

Please join the exciting and informative session hosted by Agri-food Data Canada (ADC) at the University of Guelph. Discover how ADC is helping to make agri-food data more FAIR (Findable, Accessible, Interoperable, and Reusable) by joining them on a tour of the Semantic Engine tools, Ontario Dairy and Beef Research Centre data portals, and ways to find University of Guelph agri-food data sources using Canadian data platforms.

If your work intersects with agri-food research at the University of Guelph, this session is for you!
