Program

VIP II

Description

Due to high demand and limited funding availability, the [VIPII program](#) [1] is near maximum capacity. Applications will only be accepted until August 24 (see Deadlines section below for internal deadline).

Depending on the number of submissions received prior to that date, applications will be ranked and priority given to only the top-scoring applications. The program will re-open for applications early next year. ?

Special Notes

As of August 1, the [Schedule D - Intellectual Property Term Sheet](#) [2] must be provided upon submitting an application. The Schedule D will form a part of the OCE funding agreement if the application is approved for funding. Please note that the OCE Funding Agreement is standard and modifications will not be accommodated.

If College-level review is required, your College will communicate its earlier internal deadlines.
