UPDATE: SOSCIP response to COVID-19

Sponsor

SOSCIP

Description

For a limited time, Smart Computing for Innovation (SOSCIP) **is waiving the Project Access Fee** for all new proposals involving an Ontario-based SME and a SOSCIP academic member institution. This opportunity is open to all research disciplines requiring additional computing support and supplements financial support being provided by partners such as NSERC, Mitacs and OCE. Projects follow the standard SOSCIP application process, must involve an Ontario-based SME partner and the **submission deadline is July 31, 2020.**

Researchers are encouraged to contact Vanja Banks, Industry Liaison Manager, Research Innovation Office, by email (vbanks@uoguelph.ca [1]) or our SOSCIP Partnerships Officer Amy Hackney (amy.hackney@soscip.org [2]) or apply@soscip.org [3] to discuss how SOSCIP can help support any new or existing research partnerships with additional HPC, AI and Data Science computing support.

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

Type	Date	Notes
External Deadline	Friday, July 31, 2020 - 4:30pm	
		Submission deadline to be eligible for the waiving of the Project Access fee.
