

Webinar on Funding Opportunities for Canadian Battery Innovators

Date

Wednesday January 22, 2025 12:00pm to
1:00pm

Notes

[Register here](#)

Description

The Faraday Institute and Innovate UK are offering a webinar on Funding Opportunities for Canadian Battery Innovators. This opportunity is being shared by [Innovation, Science and Economic Development Canada's](#) (ISED's) Horizon Europe Team.

Now that Canada has partnered with Horizon Europe, Canadian organizations are fully eligible to join pan-European consortia and apply for EU funding. In 2025, over €100 million will be available for Battery Research and Innovation projects.

This webinar will explain the initiative, present the opportunities for funding, and describe the process for getting involved. Hints and tips will be presented to improve your probability of success and to help you to find European consortium partners.
