## Description

The [New Frontiers in Research Fund](#), overseen by the Canadian Research Coordinating Committee (CRCC), is comprised of three streams to support groundbreaking research: Exploration, Transformation and International. The objective of this inaugural competition in the Exploration stream is to provide support for early career researchers (ECRs) to conduct high-risk, high-reward, and interdisciplinary research not available through traditional tri-council

funding. It seeks to inspire highly innovative projects that defy current research paradigms, propose a unique scientific direction, bring disciplines together beyond the traditional disciplinary approaches, and/or use different perspectives to solve existing problems.

Webinars hosted through Adobe Connect have been scheduled to provide more information about the inaugural competition.
