Description

CIHR will be offering information sessions to students and university staff about CIHR award programs as well as recent improvements made to these. Information will also be provided on relevant CIHR policies, tips for applicants, and guidelines on how to submit an application. These sessions will be interactive and there will be plenty of opportunities to ask questions.

The sessions will allow all participants to be connected and discussions will be supported with a view of a PowerPoint presentation. Participants must have access to a computer with internet connection to access the session and view the PowerPoint presentation. Questions may be directed to CIHR via the webinar chat function.

If you are interested in participating, please follow the instructions below to register. Interested participants may also register via the CIHR Website at the following address: http://www.cihr-irsc.gc.ca/e/45096.html
